

# BUILDING A PATHWAY TO NET ZERO

**Thursday 11 March 2021 at 10.30am**

Both the UK and Ireland have committed in law to reach net zero carbon emissions by 2050. To achieve this ambitious goal, energy leaders need to manage the competing demands of the energy trilemma – Decarbonisation, Affordability and Security of Supply. The purpose of this Seminar will be to bring together energy stakeholders from the UK and Ireland to discuss how to achieve their ambitious climate commitments while ensuring security of energy supply.
